

At Tuscany Hotel Alle Dune we are happy to welcome you and your friends on four paws!

For a good coexistence, we ask you to observe the rules and rules of behavior that will be indicated, in order to maintain a serene environment and ensure a stressfree holiday for both animals and people.

In the booked room category we allow one small dog per room (max 10 kg).

The rooms, reserved for stays with your friends on four paws, are our economy rooms located at our Villas Gorgona and Capraia.

We allow the presence of only one dog per room and a maximum number of 5 animals present at the same time in the entire structure.

Animals must always be led on a leash. They are allowed in the hotel park, in the "Check & Wine" reception area, at the beach bar, at the "AcaciAmare" Restaurant and on the beach, where an umbrella or a gazebo will be reserved according to the type of accommodation chosen.

Dogs are not allowed in the swimming pool area and at the sun loungers, in the Nursery and in the area in front. According to municipal orders, animals are not allowed to enter the water in private beach areas.

Under no circumstances can the dog be left free to roam inside the hotel park or on the beach - even if muzzled - and in no case should he be left alone in the room, even for short periods. We also ask you to carefully ensure that the animals do not disturb other guests and to promptly remove solid droppings in the anticipated bins or trash cans.

At the time of Check-in we will ask you to present the health passport issued by the veterinarian, with the confirmation of valid vaccinations.

Thank you for your collaboration and happy holidays at Tuscany Hotel Alle Dune!
